PART III.— ANALYSIS OF DWELLINGS IN LOCAL GOVERNMENT AREAS AND IN NON-MUNICIPAL TOWNS OF 750 PERSONS OR MORE

PREFACE

This publication shows, for the State of Tasmania, the numbers of occupied and unoccupied dwellings in each Municipality and City, and in each Town with 750 persons or more, classified according to the characteristics of dwellings recorded at the 1961 Census. The characteristics of occupied dwellings dealt with in the following pages are:—Class of Dwelling (i.e., whether Private House, Flat, &c.); Material of Outer Walls; Number of Rooms; Number of Inmates; Nature of Occupancy; Date of Building; and Weekly Rent (Unfurnished). For unoccupied dwellings the reason for being unoccupied has been shown.

This is one of five Parts which will constitute the complete Census Volume for the State of Tasmania, viz. Part I.—Analysis of Population in Local Government Areas and in Non-municipal Towns of 750 Persons or More; Part II.—Cross-classifications of the Characteristics of the Population; Part III.—Analysis of Dwellings in Local Government Areas and in Non-municipal Towns of 750 Persons or More; Part IV.—Cross-classifications of the Characteristics of Dwellings and of Householders; and Part V.—Population and Dwellings in Localities.

In addition, a number of supplementary statements in mimeographed form are being issued. A list of printed and mimeographed 1961 Census publications already issued is shown inside the back cover of this Part.

Explanatory notes relative to the contents of this Part and to Statistical Divisions, Non-municipal Towns, the local government system in Tasmania, and various other matters follow the Table of Contents.

EXPLANATORY NOTES

This Part contains particulars of the dwellings in each Tasmanian Municipality according to various characteristics of the dwellings.

The grouping into Statistical Divisions identical with that used in State statistical publications has involved the splitting of certain Municipalities into two parts, and in such cases particulars are shown in each Statistical Division for the respective part of the Municipality within that Division. An explanatory note is also added. The Municipalities and the respective Divisions concerned are as follows:—

Municipality	Statistical Division
Beaconsfield	Launceston and Suburbs North Eastern
Clarence	Metropolitan Area of Hobart South Eastern
Kingborough	Metropolitan Area of Hobart Southern
Lilydale	Launceston and Suburbs North Eastern
St. Leonards	Launceston and Suburbs North Midland
Westbury	Launceston and Suburbs North Midland

A map showing the location and composition of each Statistical Division and a detailed map of the Metropolitan Area of Hobart is inserted at the end of Part I. of the Census Volume for Tasmania. At the end of this Part there is an index to facilitate reference to any Local Government Area or town for which particulars are shown.

Under the local government system in Tasmania there are 49 Municipalities (including the Cities of Hobart and Launceston) which cover the whole area of Tasmania. Some Municipalities include both urban and rural areas, the former being Non-municipal Towns of a population of 750 persons or more. Tasmanian Municipalities are therefore more akin to the Shires and District Councils than to the Municipalities of other States.

Statistics shown in this Part relate to Local Government Areas as constituted at 30th June, 1961, and do not take account of boundary changes since that date.

Particulars of dwellings occupied solely by full-blood aboriginals are excluded throughout.

Because of the limitation of space and the need for uniform presentation of data, it has not been possible to publish more detailed information for Local Government Areas in every table of this Part.

DEFINITIONS

Occupied Dwelling : An occupied dwelling is any habitation occupied by a household group living together as a domestic unit, whether comprising the whole or only part of a building. The term has therefore a very wide reference and includes, in addition to houses and flats, a great variety of " dwellings " ranging from a single-roomed shack to a multi-roomed hotel or institution. Occupied dwellings are classified into " private " and " other than private " dwellings.

Private Dwelling: Private dwellings are further classified into the following four categories—

Private House: Private Houses include houses, sheds, huts, garages, &c., used for dwelling purposes, and shared private houses for which only one Householder's Schedule was received.

Share of Private House: A Share of a Private House is a portion of a shared private house which is occupied separately and for which portion a separate Householder's Schedule was furnished.

Flat: A Flat is part of a house or other building which can be completely closed off and which has its own cooking and bathing facilities.

Other Private Dwelling: These include private dwellings such as rooms, apartments, &c., which are parts of buildings but are not self-contained units.

Other than Private Dwelling: These include Hotels; Motels; Boarding Houses, Lodging Houses and Hostels Educational, Religious and Charitable Institutions; Hospitals; Defence and Penal Establishments; Police and Fire Stations; Clubs; Staff Barracks and Quarters, &c.

Unoccupied Dwelling: These include vacant dwellings available for sale or renting; dwellings such as " week-ender ", " holiday home ", " second home ", " seasonal workers' quarters ", which were not occupied on the night of the Census; dwellings normally occupied but whose usual occupants were temporarily absent on the night of the Census; newly completed dwellings whose owners or tenants had not entered into occupation on the night of the Census; dwellings described as " to be demolished ", " condemned ", " deceased estate ", " exhibition home ", &c.; and buildings constructed as dwellings but used for non-dwelling purposes on the night of the Census. The total number of unoccupied dwellings shown for any area must not, therefore, be read as representing the number of vacant houses and flats available for sale or renting.

Rooms: These include kitchen and permanently enclosed sleep-out, but do not include bathroom, pantry, laundry or storehouse. Rooms in non-attached buildings are included only if used for living or sleeping purposes by the household group. Rooms recorded for a " share of private house " include only those used by the occupier of the share. A shared kitchen or living room is recorded only for the share occupied by the owner or principal tenant.
